

Kuirau Casey Stoner

'A' (3:1) 'Z' (0:0) BSCI.1 DM Clear

Photo during 42nd National Individual

Casey is a stunning young dog that has had an outstanding show career to date complete with 13 class wins and 4 times 2nd place including two National classes. He was a class performer at the most recent 42nd National in only his second Intermediate class and at just 19 months of age leading the class almost to the end before finishing 2nd.

Casey brings together some of the best producing bloodlines in Australia being the son of the 2014 Silver Medal winning dog Toby von der Plassenburg and the established Kuirau mother line through 2013 Bronze Medal winning bitch Kuirau Takeira, daughter of the prolific producer Gold Medal winning dog Kwint von Juerikstall.

General description at breed survey:

Very large, strong, masculine dog of excellent type proportions and pigment with a very good masculine head and expression, dark masking and eye. Very good length of neck into a high wither, firm back and very well laid croup. Very good angulations of the fore and hindquarters. Very good forechest and underline. Stands correct in front and steps correct. During movement displays effortless ground covering movement with excellent reach and drive maintaining a very good outline in movement. Firm in character and to the gun.

Particular virtues and faults:

A dog who presents a very good picture both in stance and movement.

Advice for selection of a breeding partner:

A very well bred dog is suitable to improve overall type.

At stud in the Hunter Valley

Pick-up from Newcastle Airport and accommodation for Interstate bitches available.
